

# Manual Testing Task— Golden Horizon Hotel Website

## Purpose

You need to create a **Manual/Functional Testing Report** and a **Bug Report** for the Golden Horizon Hotel booking website.

The aim is to validate the user experience, booking workflow, and core hotel services functionality.

Website: <https://goldenhorizonhotel.vercel.app/>

## Scope

### In-scope testing:

- **Homepage navigation**
- **Room Listings & Details**
- **Booking Form / Reservation Process**
- **Contact/Inquiry Forms**
- **User Registration/Login**
- **Mobile Responsiveness & Cross-browser compatibility.**

## Deliverables

1. **Manual Test Report (PDF/Doc)**
  - Scope, test approach, test environment, test summary.
2. **Test Case Sheet (XLS/CSV)**
  - Test cases with steps, expected results, actual results, and pass/fail status.
  - Cover different browsers/devices (e.g., Chrome, Edge, Firefox, mobile view).
3. **Bug Log (XLS/CSV)**
  - Document reproducible defects (with steps, severity, screenshots).

- You can Create an account and Login system.
- You can Use this credentials for Admin Logins

**Email : admin@gmail.com**

**Password: admin123**

### **Task Deadline**

15th October 2025
